## Open Brief / Open Letter

to

- **Aung Suu Kyi** -

### Birds'song for last journey into Galaxy

4 july 2009 06.22 hours

**Aung Suu Kyi,**

Writing letters at daybreak is something I haven't done for a while.  
I have been in deep shock after experiencing the hatred of Dr.Sir Paul McCartney.  
Men like him...only exploit women like us...  
He must have made a lot of money out of fundraising for your freedom too!

#### **Back to the Birds...**

I can hear them. No message for me.  
They are among each other. I may eardrop – overlisten their tunes – but they twitter not for me...

This means that I have to write you a letter from my heart.  
'All knowledge you need is already in your body-soul-spirit'.

**Aung Suu....**

**Men don't want to rescue; men want to be in control of rescue, while they can't listen to the Galaxy.....or to women like us...**

Ban Kimoon is most certainly not able to set you free. On the contrary!  
Parliaments & media keep him alive, while those same people know 'he's a Happy Dictator, killing people with Western-systems'. His empty speeches cover up war-crimes of world-leaders, who prefer to keep it this way.  
Russia is about to become creepy = they kill EU-simple people for their economical-deals.  
They could have done so much more for Justice on Earth, but they are just male-cowards.  
Barack Obama is building both: Hell & Heaven. Impossible; one has to make a choice.

**Aung, I have not been able to travel to your part of the Galaxy.  
No impressive world -- Gaudi-style --, No guides with clear explanations.**

Thus, I have to explain you my thoughts.

**'When you are sentenced to prison in Myanmar, you have to take the path over the mountain'.**

You will hear a voice telling you what will happen to you personally when you take that route...  
I don't know if you will receive the same outline as they gave me.  
Perhaps Gods & Goddesses give you another image of Mother Nature.  
Nature as you experience it close home...  
Your body-soul-spirit will be ready to understand the meaning of the words, even when you are weak or sick.

I have been told:

'When you take that path you will die'.  
On of those Silent-deaths overnight... Oxygen leaves the human body.

When you are sent to prison, you - as a fighter for democracy - will be more powerful as 'a death human body who once won the Nobelprize for Peace'.

**Leave Earth Aung..., don't fight for life from prison.**

I'll take over your work. I'm already accepted in Asia.  
Not that I'm going to fight for democracy for your people...Democracy itself is history. Vague tale.  
We need business-parliaments.

But I'll work with the Birds'song.  
New Edition. Have to explore it myself....  
I feel for you.

Your dream to become a Myanmar's President is sabotaged in every thinkable way.  
But..you can be President for Myanmar-civilians in the Galaxy.

You will be able to instruct people = add EQ to their soul-spirits.  
They have to download that Higher Power to their body themselves...  
A skill they have probably refined on a much wider set of lines than I ever have...

**'Its time to leave Aung'.  
Earthly creatures have to leave Aung; you have to leave Earth**

I can't go home, now Dr Sir PmcC prefers to project his hatred for his ex-wife on me.  
He takes it all out on me, because a USA-VIP-woman is available in his bed.

I assumed he was more fair to the poor & war-victims.  
You can see the first Glasshour McCartney has stolen from me. There's no copy available on Earth.  
It was an instruction-code for a good relationship between him & me.

'James Paul McCartney has to prove to the Galaxy that he's fair enough to become a Pop-music-God in the Galaxy. He has an assignment to fulfill.....Has to enlighten my life...so I can bring Peace with my ICC-case... McCartney will be a hero, investing his money wisely for Justice against Oxygen-free 2039'.

Now I'm poor – and he has a wealthy woman in his bed – he projects the Glasshour on her.  
He takes the light and all the good powers given - together with his & her money – . Then they build themselves even a bigger VIP-empire. Together they have made a plan to 'make money out of my ICC-case for themselves only'. I wasn't there, but I have learned to trust my intuition = this is what I think.

The meeting of Gods & Goddesses has linked Paul & Me in april 2008, now he needs me as mother for Beatrice. In the past he organized a concert for you Aung... I need him to bring money to me, so we build a good-practice for the Two of Us. Justice for All of Us.  
He only wants to be a spoilt-rotten-VIP with just another VIP-girlfriend... both making money out of the poor & lawless.

**My traineeship to become Goddess of Wishes is on hold. Whats your Goddess-traineeship?**

My Star. I have got a cottage on My Brilliant Star, a coordinate in the Galaxy. I should have been there together with Rob de Wijk ; should have worked together with him on corruption within ICC.  
But he prefers to stay a body-maker. After he kills people with his AVO-advice he opens a new Institute with tax-money to prove to Earth that he wants Peace'. He's going to prison for it.

I am not strong enough now, to rescue your life.  
Can't even rescue my own life! Since 2008, I do get all the money from the municipal I'm entitled to, but that's about it. Can help my kids to overcome their learning-difficulties; create a new therapy for Silent – or Chaotic-kids.... It feels frustrated – I'am waisting my life & energy on Earth – now powerful politicians don't want to rescue my life either. **I am a slave for all Presidents now!**

**The Birds'song  
Something Myanmar-dictators never understood about you...  
You will always receive the messages of the Go-between, no matter where you are.**

**Its time to say: ' Goodbye ' .**

You can do with some coffee, can't you? Its decaffée. Perhaps the flavour is not strong enough to travel around Earth. I'll make you a nice coffee, anyway.  
Who knows...., are we developing a new skill here today?  
You may have My Brilliant Star-cottage for a unique skill.

**When you have found the coordinates, you will get a View to Kill on Earth from the Galaxy  
= you can distinguish Good from Bad easily under all circumstances.  
Enjoy it!**

**Best wishes from the heart of the almost Goddess of Wishes,**
