CERN, Palestina, Jordan Egypt,

CERN,

I explained to you a year ago 'that you need psychology when you want to travel in time'.

O boy, o boy...o boy....

How many women were involved when you discovered that 'materialism can travel faster than light'?
My brain travels faster than light, what you must comprehend by now.

I do have a request.

You know that NL is a big war-maker, internationally.

Yesterday NL-politicians started to be rude during the Annuals Budget-presentation in parliament;
Our community-life falls apart into more rude & corrupt behavior too.

I notice that CERN started to work together with Israel.

I know Palestina is not an official state...with scientists.

CERN can't ask them to become part of the project.

But I do need Palestina to become civilized, otherwise I can't stop the NL-war against Middle-east.

Thus my request is:'Give Palestina acces to CERN-education'. There must be a possibililty to focus on kids in Palestina, Egypt & Jordania as a group.

Based on the Humanright-treaties CERN is obliged 'not to discriminatie'.

Unfortunaltelly doesn't Palestina understand 'how they can use the Torture-treaty to stop aggression towards the state of Palestina. Or how to use the UN-charter to make the General-Assembly of the UN stop their 'crimes against humanity'".

<http://www.nlfschool.com/1-persoons-toko.html>

NL-politicians refuse to conduct HR-treaties, because they enjoy to be rude towards eachother and the people, despite the consequences.

NL is falling into more 'crimes against humanity' and I feel sick about it.

Because I am the only individual who can stop the war-crimes committed by NL & ICC, but nobody wants to help me with

the International Criminal Court-case against NL.

I need foreigners to support me; have you ever emailed the International CriminalCourt about me

- and the fact that ICC must judge against EU-leaders too-?

I know its not your job, but you really should do it...referring to theTorture-treaty.

CERN may defend itself against ' the consequences of crimes against humanity committed by EU-leaders ' with the Torture-treaty in hands.

And I believe you should do it publicly = make clear to Earth 'that you follow the activities of ICC and the way EU-leaders (mis)use ICC & HR-treaties'.

THINK:

'My brain already knows that writting this type of email is necessary, in order to anticipate on true war already current in my brain'.

I don't brainwash, I build... faster than the speed of light.
Painful...& depressing...because I never get what I need in time to minimalize pain!

I shall publish this email on www.newlegalframe.com

Palestina,

I do understand perfectly that Palestina needs a seat in the Council of Europe.

But the daily reality can be 'that you are being misused as a cover for the warcrimes committed by EU-leaders'. They need this new movement in connection with the Middle-East.

In every deal you must be aware of the fact that there is a hidden agenda for EU-leaders ... aimed at more profits for EU - like EU-leaders may not be put in prison of the International Criminal Court - .

I know that there are NL-politicians who want Palestina to have a seat in CEO.
But these same politicians make sure the NL-President Rutte & co can't be put on trial for 'misconducts and crimes against humanity' = they have NL-civillians tortured & killed.
They have me killed by ICC-prosecutors & judges.

And the Onevoicemovement is a highly corrupt organisation which only wants to have a VIP-status quo.
This endangers your life.

Siemon Wiesental instituut, Stichting onderzoek oorlogsmisdaden,

I pasted a few emails together.

Reporter Arnold Karskens is a big liar.

Amnesty International refuses to investigate on my evidence that the Dutch supreme court is a terrorism-organisation that throws away lawcases on request of NL-politicians. Thus, makes individual NL-civilians lawless and forces persons to use violence for selfdefence.

AmnInternational also refuses to accept that the ICC is a Lobby- & Assasinationcentre, where EU-politicians have EU-civilians tortured & killed when they want to start an ICC-lawcase against EU-politicians.

Amnesty NL is highly corrupt, so is Human Right watch.

I want you to stop the killings!

And start to build Constitutional court & Criminal Court in Lybia.

Use laws in English language from Australia, Canada, UK as an example.

And...

You have announced in the media that Lybia wil trial on Kadhafi itself, but the media still talks about 'bringing kadhafi to ICC'.

Announce again that the people of Lybia will judge on the Kadhafi-family, not ICC.

I shall publish this email on www.newlegalframe.com.

Yesterday, An young Arab woman explained at tv-program Terzake Belgium 'that Al Qaida has a seat in NTC Libya'.

Politicians refuse to talk about this situation.

There is more....One of Kadhafi's former 'killers' is now a politicians within NTC Libya.

When there are NO Elections for Libyan-parliament within 8 months...and NTC-members have not left politics, EU-leaders invite Al Qaida to enjoy London2012, wearing a taylored expensive suit...of course....

There is NO WAY London2012 can be protected against terrorism-attacks!
All EU-politicians WANT terrorists to have UN-seats, EU-seats.

Next year terrorists obtain acces to information the average EU-civilians has NO acces too....
'because politicians keep them away from that info for political reasons'.

Many people enter UK via NL.
We've got Geert Wilders, ICC....

India, Russia, China, Egypt, Syria, Buckingham palace, Westminster Magistratecourt, London2012, Afghanistan, Turkey, Secret services, ICC, Media, Laywers Knoops & Weski,

ICC-Prosecutor mr Louis Moreno Ocampo is misusing the media to overrule my truth about his criminal activities.
He wants the sons of Kadhafi in ICC-prison as soon as possible.

This will make Taliban/Al Qaida very angry!

I have always said:'USA is conducting a genocide-plan in Afghanistan/Pakistan'.
Next sunday, Panorama-tv Belgium will prove that I am right = they show how USA murders about 5000 Taliban over a period of time.

**You must make sure that the people of Lybia judge on Kadhafi in their own country,
in the same system as Egypt uses today.**

Keep Kadhafi away from ICC when you don't want war in the EU!
