Dear reader,

I have asked the FBI to talk to Paul mcCartney about the way he endangers the life of war-victims & aid-workers.

He refuses to undo his mistakes related to me - Desiree Stokkel, with the first lawcase against NL with the Int.Criminal Court - and NoLandmines & Jamie Oliver.

This week he performs for the Grammy-award.

Trouble is: 'Paul behaves like a tyrant who is free to cause hell in peoples life; he doesn't want to learn from his mistakes. When you comment or criticize him, he becomes more arrogant & stubborn.

Due to his stubbornness angry militants can place a bomb next to him or others who are related to him.

I do understand that he's 66 years old and needs time...

But his behavior is now 'out of controle'.

Whats so difficult about talking to me - writing me - and undo mistakes?

Presidents do read my sites.

ICC is about to implode because that court itself is a fake criminal institution. Thus, Paul better stop his stubbornness.

Please do not accept his money or any other contribution until I can convince you that its save.

Have a nice inspiring day,
desiree stokkel
