Paul,

Heather has no official business-address.  
I can't get a copy of the form she uses on her website.

This email is about personal security.  
Please forward it to her.

I shall not publish this info on my websites, but when one of you endangeres my family-life I shall write you an Open Letter, to secure myself with.

D.

Heather,

Whether you like it or not, you have been married to Paul.  
This comes with consequences.

Your psychoses endanger your personal life and that of your daughter Beatrice.

For Taliban - terrorists - you are nothng but 'fast food'.  
Something like a mcDonalds hamburger.

I think you can't plan your own future, because you have psychoses  
= when you were a young girl nobody told you that there are fantasy-bubbles & life-bubbles  
= nobody explained the differences between these 2 bubbles when you were a teenager  
= nobody restrained your fantasy as a girl, to make life more intelligent  
= you behave like a child that can't cope with unbearable emotions  
= you don't take care of your body & EQ, put up a show in the media, start fights with everbody, don't make adults decisions

= it would not suprise me if somebody has brainwashed you as a young girl, to cover up for dirty practices...  
= dirty EQ is a normal lifestyle in your body & soul  
= your spirits want a better life, thats why you married Paul

= you run away when 'things get though... and you have to go through pain that comes with a personality-change for more intelligence in the future'

= you think other human beings are stupid....

I know what this means. You don't know how to build solid loving reationships, and when people let you get away with your stupidity...you become reproachfull. You want others to help you restraint your psychoes, but you can't ask them in a kind-hearted way.

The fact that you have no boundaries in your behavior...and you LOVE to spell it out on the WEB..., makes you a toy for terrorists.

You can't run away from Taliban & angry local people, because you have been working with NGOs. You still are working for No landmines?

Well, that organisation will soon prove to be a war-financer, now ICC is a Assasination-centre in the hands of the dictators who work overthere and swork with the UN Security Council.  
Statemembers of the Statute of Rome are quilty of genocide... under present circumstances.

I don't know what will happen the next few months, but I do know that 'we are running out of time'.  
Thanks to NATO, ICC and manipulative NGOs.

You endanger peoples lives; as people to kill you.

Its too late to withdraw yourself from NGOs or ICC.

You & Paul have 2 options related to personal security,  
linked to No Landmines & ICC:

1.  
Grow up emotionally! You are both so childish.

Paul you have to work more business-like in your relationship with me.  
Or marry me.....  
I want to marry you because its predestined, but I also need your childish attitude to rebalance myself with.

This takes away psychoses of the Taliban.  
In Kandahar Taliban is located.  
They read my site weekly, at least.  
Taliban have never hurt me; they will never hurt me.  
NATO is too agressive in Kandahar.  
NATO / NL-ISAF performs a theaterplay in Uruzgan, which will hit NATO in the face. Local residents can not protect themselves against bombs, anymore than they could 2 years ago.  
Taliban becomes more agressive too.  
NGOs are about to leave the region Kandahar, now work has become useless or too dangerous.  
NGOs pretend 'to start in Uruzgan', which will be useless too.

Agression of terrorists will turn against people who lie to make a profits out of war.

Love = porno = reason for kidnapping / political blackmail / blasts.  
This is about power, not money.

NATO is SUPPRiSED by the fact Taliban is so well-informed of the EU-lifestyle...!?  
This only proves how STUPID ...NATO is...!!!!  
First NATO provides in ICT in Afghanistan, than they are taken by supprise with the knowledge present in local residents.

Oei, oei, oei...

The two of you have to show some dignity. Self-esteem.  
Share knowledge on education for self-esteem.  
I know...this is a complicated task when you are an artist or a psychotic....that why you have to GROW UP.

The two of you have made Beatrice.  
This is a young girl in 2008.  
You can't buy her a survival-strategy in WO III, with your assets, as long as you are both to STUPID to GROW UP.

I'm a mother without means, but with a survival-strategy, against the Worlds' most powerful dictators working with the EU, UN & ICC.

Beatrice need therapy, against the psyches of her mother... and the fact that her father rather plays music.

Don't want to change your personal behavior & lifestyle?

I already feel sorry for Beatrice.

The girl only learns 'how to hate adults' by reading the Web.  
She will turn away from you as a young woman and never return, from the moment she understands the 'bad educations that's enforced on her'.

Both of you are fully occupied with your individual emotions while in fact - in daily life on Earth - there's not enough time for fun-making & selfishness.

Somebody has to tell you the truth.

I do.

I will not have you live at the cost of my life, when you are both not adult enough to 'level with each other & others'.

Wake UP, you can't run away.

2.

Fair Trade & EKO.

When you want personal security without any trouble, you prove you want Taliban & terrorists 'to have access to law and courtroom'.

Meaning: you give them the power they need to start lawcases against you.  
it will take them by surprise...

They will begin to understand that Love = give people what they need for the growth process in EQ & IQ.

Well, I have been clear.

I can't - and won't - take Beatrice away from you, but I already know that you better make some changes fast, before she turns away from you.

I will marry you Paul, but not when you refuse to GROW UP.  
My EQ is more relevant than your assets.
