Paul,

I have written you an Open Letter on 7 aug 2008.

You are not going to like it, but thats your own fault.  
You are not honest enough with me. COWARD!!!!!!

In the supplement you will aslo find a letter I send to Jessica Clements. A pioneer in hands of Gods & Goddesses; an USA-soldier in Irak who needed neuro-surgery. She is unique.  
Her neurologist had made a commitment with the Universe before he departed to Irak.  
He's one of those man too, who can make a promiss to Gods & Goddesses and stick to it.  
He gave Jessica a miracle.

You can find a tv-item on her in the link in the letter or on  
[www.omroep.nl](http://www.omroep.nl)  
TV-program Netwerk.  
Date 31 juli 2008 = verminkte vrouwelijke soldaten.

I don't know if she will contact you.

If she can't manage to finish her study Social Work, she can start NLF in Akron, ohio. But its too early for this.  
First she has to learn to 'work with the Galaxy for her personal healing'.

Are you a hero Paul, or are you just another celebrity-coward?

I did ask G & G - again - for images that come with the end of our relationship.  
They still don't want to give it.  
Perhaps they are more patient with you than I am.

You are not straightforward enough = want to have it all.  
You want to receive the LOVE of ALL WOMAN.  
I arranged in the Universe 'You can't fuck the Goddess of One-Night-Stand-anymore'.  
Those times are over... for Milly...
