Open Brief / Open Letter to

Heather Mills, Beatrice McCartney & DrSirPmcC.

Instruction-paper for education of Beatrice in warzone.

8 september 2009

Heather Mills,

I instruct you on 'how to educate Beatrice Milly McCartney', now we are running out of time. You are working very hard to overcome your Loenatic-period, but you are missing out on a few essentials.

Paul McCartney & Nancy Skevells behave like 'Lovers in Crime', having a very good time together torturing & killing people for

- media-attention for their sexual VIP-holiday-relationship
- more money on their bankaccount with the release of Digital Beatles & Beatle-Games.
- more money thanks to their Evil contribution to my ICC-case

The McCartney-family 'has no problem at all' with their criminal behavior...

- This letter is sent to PaulMcCartney – signed – by mail.
- You know that Downingstreet 10 & Buckingham palace UK read my sites.

Why this letter?

My ICC-case is not over!

The big hel has started this summer:

- Obama refuses to clean up ICC. He also refuses to implement Int.Court-systems to stop war with and to anticipate on the outburst of new wars. USA-acts can't be brought to court in connection with war in coöperation with NATO, UN & EU. War-victims are very much aware of their lawless position!
- NATO is hated everywhere, NATO-soldiers die.
- NGOs must change policies & systems, while they are being absorbed in more corruption, a lawless core-business, annoyed victims of poverty ...etc.. who claim that NGOs don't bring improvements. Good willing aid-workers who can't work anymore because Worlds-leaders are free to be dicators.
- UN is hated everywhere; Ban Ki Moon is free to be a creepy dictator.
- EU is chaos, misusing the financial crisis to cover up 'crimes against humanity'.
- ICC is free to stay a Hitler-court.
- Interpol is free to be partial to EU-leaders and their parliaments, what causes riots.
- Russia has started this schoolyear with the subject LAW for kids at primary & secundairyschool, but they still don't rescue my life. China is on Green Energy.... Middle-East is with me, but they are still unable to work with court-systems to stop local (war)crimes.
- Genocide in EU is increasing = civil servants & business-fooks torture & kill people without any punishment at all. Police is not educated on the psychology-level.
- Courtsystems fail...and standards drop fast = horrifying verdicts/degrees who make people in need extremely angry & lazy.
- New Elections for parialments in EU-countries result in more facism, street-violence & lawless people, who are also too lazy to take care of their 1-persons-toko.

Mother Nature has given up on mankind!

- In 40 years time at least 50% of Earth will be burning desert.
- Vulcano's will burst out + melting ice + tsunamis & arctic climate in Europe.
- Lack of food + medication + herbs
- No transport, no energy, no business, no farmers... No intelligent media.

- No escape... More mad people, who discover that they have been 'spoilt rotten lazy monsters – demolishing Earth - over the past decades'.
- **Too late...**

Behavior of Heather Mills

- You are minimizing your psychose-bubbles!
V-bites + Bat1.com + Green-food are 3 social healthy bubbles.

[I never blamed my parents for becoming dangerously mad, when they couldn't cope with life's realities anymore. We all have psychoses or some other defect in our DNA. Life can hit one hard and turn people temporarily mad.

But I do blame them for destroying my life completely, because they always refused to accept help: nice friends + therapy + hospital + study + justice.

Its because of this I tried suicide, only to discover that my mother tried to kill me when I returned from hospital. My brother ended up in violent childrens'homes.

My parents brainwashed & sacrificed their own kids to their psychoses, while they had the possibility to stop it... **I do know a little about 'Survival of the Brain'!**

I understand what Beatrice has to go through, better than you do.....]

- You are building a new Timeline for your mother-daughter-relationship!
And you are doing fine, given circumstances....
- **BUT... you next bubble** must be '**Undo mistakes made in the past**'
= this is the only Life-saver you will have, next to criminal DrSirPmcC.
= you must learn to build 'trust', close home and on the long-distance-track.

I told you before: 'When you are ready you must clean up relationships from the past'.
Pay your bills + apologize for pain you have caused.

You must survive in warzone – now PmcC enjoys to torture me and misuse me for his PR-strategy only - . The consequence is that you have to find 'saftey at work' in warzone.

You have misused No Landmines during your divorce; to get more money out of Paul. No Landmines moves on into Minesawareness, but defusing mines has become 'an impossible job', thanks to ICC and some VIPs.

The fact that you & PmcC cause the closure of No Landmines and cause danger in the minefield, makes that you must apologize to these organisations, officially.

I think you must 'adopt a dog' from Minesawareness, after you have cleaned up your personal Evil-practice.

If you are not ready to do it for yourself, you must do it for Beatrice...

After you have apologized and when your sites for Fair trade & Eko are ready, I shall link you on www.nlfschool.com/link to give you an opportunity to move on for 'Once and for All'.

Behavior of Dr.Sir.James Paul mcCartney

- **A young girl/ woman like Beatrice in the years 2000-2020, expect her father to bring her wisdom and self-protection against violent man.**
She needs her father to prove to her that differences between generations & social classes can result in 'good-practices for saving mankind & Earth'.
- **Bea will grow up in an era of Science and the call for Justice.**
- **When individuals with a highly important mission on Earth – turn to her father for help because he's powerful, famous & rich enough to help out – she expects him to make decisions in wisdom, that will savekeep her Future.**
- **A young girl/ woman these days does not want her father to behave like a selfish materialistic monster – making fun of people who have not been so lucky in life as he is ... and making money out of their pain -.**

- Bea will understand soon that in UK 'Secret millionaires go undercover in the world of the poor to sort out what's truly happening over there. When the rich discover that the poor need support & means, those Secret millionaires give amounts of 10.000 pounds to individuals for free... and even much higher amounts of money to organisations that do good community work'.

Bea shall demand an explanation when she discovers her father only misleads poor... to find out in which way he can make money out of them, without doing anything in return.

Bea shall feel ashamed when she learns that her father could have rescued the lives of 500.000-1.000.000 individuals when he would have been friendly, civilized, cooperative and supportive to Desiree Stokkel with her ICC-case.

On top of that she will learn that her father has made work for aid-workers in minefields, more dangerous with his Tel Aviv-concert and the way he handles D.

She will understand that I am a far more important person for worldpeace than her father ever was...and that her father could have been highly significant next to me... on the platforms of true heroes, who want to change the world for the better.

- **Bea shall demand an explanation for the fact that I have chosen to put her father in ICC-prison for self-protection and the protection of others doing dangerous work in warzone.**
 - Why didn't her father behave in a friendly way....or didn't he investigate upon the solutions Desiree Stokkel offered him?
This woman seems to be a smart-psychology-lady; why didn't he give her a chance the change life for the better?
 - Why did he only want to communicate with her on the Web, anyway?
 - Why did he use her sites as a source of inspiration for his Fireman-cd, while he didn't want to do anything for her at all?
 - Why did he have her beg for 'a normal civilized relationship' so she, her kids and people working for No Landmines - or warvictims connected with ICC - would be safe in warzone'?
 - Why did he refuse to talk to D. before departure to Tel Aviv?
 - Why didn't he want to learn 'how to behave for more safety in the Muslim-world & Middle-East'?
 - Why did he ignore the Israel-war and the fact that he has given a concert to those war-makers?
 - Why didn't he do anything at all to make up for his disastrous decisions?

How are you going to explain to Beatrice 'that you prefer to torture & kill individuals in need like I am and aid-workers connected to you & me, Paul'?

How are you going to explain 'that you could have brought more peace to the Middle-East by following my instructions. But, that you preferred to make Evil plans together with Nancy Skevells for your fame & money on your bankaccount only'?

Or do you plan to teach her 'how to torture & kill for more money on her bankaccount, too'?

- **Bea shall demand an explanation of her father in case of his choices regarding his wedlock & divorce with her mother. Today's kids watch tv!**
 - Why didn't he go to a therapist when wedlock turned for the worst?
 - Why didn't he look into the medical condition of her mother?
 - Why didn't he try to 'anticipate on divorce-pain by going to a therapist'?
 - Why did he agree with the media, writing in a nasty way about wedlock & divorce?
 - Why did he jump into the bed with Nancy Skevells, even before the divorce was final?
She was still married! Did she take care of her own kids?
 - Why didn't he take time off - out of wedlock, divorce & intimate relationships - to clean up his body-soul-spirits...before starting a new relationship without another woman?

Everywhere in psychology-world is proven that 'going from divorce courtroom into the bed of another woman ends in a disaster'.

Couldn't her father think of her feelings, being his youngest daughter?

- She shall discover on the Web that her father was only interested in having childish, criminal sexual relationship with Nancy Skevells in front of his audience & the camera. Knowing that Desiree had started an ICC-case against him for the protection of people.
- She shall also learn that her father 'wilfully misonformed organisations & audience on the danger he carries with him, being charged within ICC...for security-reasons....'
- Her father didn't want to learn about the consequences of this attitude of him!
- He behaves as if nothing ever happened, what is unrealistic because he will always be reminded about D.+ ICC + Tel Aviv.
- One day he must appear in ICC-courtroom – or he will be in the ICC-historybooks as a warcriminal anyway - .

Paul McCartney does not Love Beatrice at all.

He refuses to take responsibility for her well-being in her Future.

- She is his 'Toy-thing', nice enough to play music with... but too uninteresting to take care of in the Future.

Behavior of Nancy Skevells

- **She is a Cold-digger.** *Freezing cold*
- **She's after the title 'Third Mrs. McCartney...and she lies and kills for it'.**
- **Lets be 'down to Earth' here.**
An intelligent woman – in divorce – would not want her Beatle-Lover to have 'a criminal relationship with a war-victim with an ICC-case who turned to him for help - .
Understanding that this lawcase is so important for worldpeace, she would have done everything possible 'to get the best out of the situation'.
Meaning: a perfect solution for Justice for All of Us'.
- But, Nancy doesn't want P. to be a social entrepreneur for good-practices!
- She, herself only desires the USA-VIP-holiday-Beatle-lifestyle from Paul, so she doesn't want to be fair to others in connection with Paul.
Especially not, when another – important woman with an ICC-case – can change the knowledge on psychology in P.
- N. want P. to stay 'stupid'.
- He's an older man, maintaining relationships like an old man. He plays music like a 25 years old, but that's about it.
This is exactly what Nancy needs for her USA-VIP-life with a Beatle.
- I strongly believe that N. made sure that Paul did not talk with me before the Tel Aviv-concert!
She knows 'that he obeys the woman he shares his bed with'.
- She does everything to get things her way = lies.

From the day she screamed in the media:

'I am Jewish, I support Paul in Israel'.... I knew she's a Cold-digger.

A Jewish woman may not have a sexual relationship before wedlock – during – divorce – in public. Intimacy is to be kept behind 4 walls, at home.

And even then, a Jewish woman only shares her twinbed with her husband for 2 weeks per month

= the fertile weeks in which she's to be considered 'pure'.

= during the other 2 weeks of her period she is supposed to sleep in a single bed in the same bedroom as her husband, but she's referred to as being 'dirty'.

Conclusion:

'Nancy Skevells is not Jewish; she blindfolds civilizations with her lies for Western fame & money'....next to a Beatle...

The only thing Paul & Nancy do today is 'kissing, cuddling & having a sexual relationship in front of the camera so everybody can see 'that they know all about Love'. Ingoing my ICC-case, of course.

The Tel Aviv-concert was a concert for Peace...?

Both, she & Paul make fun of people with war-pain, Justice, Cultural habits and people who do dangerous work in warzone.

The fact that Downingstreet 10 & Buckingham Palace UK have chosen my side in this ICC-case, must be a miscalculation on their behalf.

Or is Paul simple 'too SuperStupid to comprehend what he's doing at the moment, with his life and the life's of his children. Beatrice...

- I also think that they carefully planned together a PR-strategy for the release of the Fireman-cd, concerts, Digital Beatles & Beatle-games... in connection with the fame they could get, thanks to me with my ICC-case.
I am suppose to make them even richer!
What can happen to Beatle-fans is irrelevant to them.

How to educate Beatrice?

Heather you must write down all the answers you can find on the questions in this letter...and 'sit down and think things through'.

Your daughter is almost 6; start to talk with her about 'things that go wrong in life'.

1 or 2 sentences per day.

- BUT.... be sure that you put on the table 25% bad behavior, followed by 75 % solution!
She needs this rhythm in her body-soul-spirits!

**Accept her Red-tape = Gods & Goddesses gave me in 2008
'Beatrice must produce Oxigen before she can sing'.**

60% science + 40% music

Whether Bea is a Wizz-kid or a slow-studier....

Take her to a schoolpsychology when she's 7 years old.

- Explain to the schoolpsychologist that you need to know if her learning-abilities are in line with other kids. You are having 'a hectic doubtful' lifestyle in the media.
Her father goes to ICC-prison, sooner or later.
- Be honest about your mistakes – being a mother & woman -.
This is of utmost importance!
Only than, they can discover hidden learning-problems... or gaps in personality.
- When you get a negative report, go to a child-psychologist...in UK.
- Keep her UK. (Obama refuses to clean up ICC, remember?)

And.....No...

Last

When I make mistakes on my Web – or in political corruption – Prince William & Harry can be killed for it. These young men need me as their NL-mother.

I enjoy writing to them from www.nlfschool.com

It would be nice if DrSir PaulMcCartney would 'kick Nancy Skevells out of his life...and start to live like a civilized human being'. I can't protect Earth against the Evil in this man.

But I do want to protect people who are sincerely with me.

Have a comfortable day in my EQ,
