North-Korea will never change into a democracy without nuclear weapons as long as the South-Korean president of ICC together with UN Ban kimoon ...and S-Korean president Lee Myung-bak

... give ICC-prosecutors & judges the freedom to torture & murder EU-civilians who start an ICC-lawcase against EU-leaders.

North-Korea reads my website.

We have all these wars because Russia continues to support UN Ban Kimoon & ICC-warcrimes for reasons

of political blackmail for a better RU-economy.

The Southern-Korean corruption via ICC is the core-business for every 'so called' Deal for Peace.

You increase terrorism danger especially for London2012.

President Sang- HyunSong & UN Ban kimoon,

Wikileaks, Laywers Zegveld, Knoops & Weski,

President Dmitry Medvedev, PM Vladimir Putin, President Mikheil Saakashvili, Buckingham palace,

Sang-Hyun Song & Ban Kimoon, you are both guilty of torture on my body.

And you try to murder me.

You refuse to handle my ICC-file as an official lawcase against NL, because you are corrupt & partial.

And you refuse to implement & conduct human right treaties for EU-civilians.
