Internationaal Strafhof, Raad van State, Raad voor Rechtspraak, ICCT, clingendael, HCSS, Onderzoeksraad, Nationale Ombudsman, Secret services, IMF, worldbank, Nato, media,

Door de benoeming van Min. Donner tot vice-president van de Raad van State krijgen wij terrorisme-aanslagen in NL.

Al Qaida / Moslims accepteren deze vorm van corruptie niet.

Zij weten dat er sinds 1 mei 2007 een rechtzaak ligt tegen Donner bij het Internationaal Strafhof.

ICC wil dus terrorisme-aanslagen in NL.

The meltdown of the State of Law NL has started.

We are in a new phase.

The increasing corruption within the NL-judicial system is a fact.

With the appointment of current Minister of Internal affairs Piet Hein Donner to become Vice-president of Raad van State

- administrative court that judges on Draft Laws - we will get terrorism-attack in NL.

Al Qaida/ Moslims will not accept this type of corruption. Shariah4Holland & kidnappings worldwide. They know that there is an ICC-lawcase against Donner since 1may2007 for slavery, torture & murder-attempt.

Liesbeth Spies will be the new Minister of Internal Affairs.

The only thing I can do to minimize the risk of terrorism is to put her in ICC-prison to based on the Torture-treaty.
