Prime Ministers Office
Dmitry medvedev / Vladimir Putin
Ilinka Str no 23 103132
Moscow -Russia

Dmitri Medvedev,

This letter is sent by mail to you.

You have made the wrong decision in connection with my ICC-case against NL. Because you don't respond officially to my letter of 8 aug 2008 - only use my websites in your speeches/talks - you have given NL-parliament & ICC-employees the opportunity to become more violent. They have taken it up, gratefully.

War-crimes in NL intensify

When you would have given me written evidence that proves that the Kremlin wants ICC to be a fair court of law, Rotterdam city would not have a war-criminal as Major today. mr. A. Aboutaleb should have been stopped by AIVD, NCTb, ICC - now he's a suspect/perpatrator in an ICC-case - but he's now the most powerful person in mainport Rotterdam. Distribution-centre for Europe. Based on our NL-constitution Aboutaleb can no longer put criminals/terrorists in prison. Nobody can stop terrorism in Rotterdam officially, anymore. Min. of Internal Affairs ignores my ICC-case, so do Balkenende & co. Min. of Foreign Affairs & statesecretaries do not respond to my letter in which I press charges against him for the making of terrorism in NL.

When ICC would have been honest about this ICC-case against NL in june 2007, we would have had new elections for parliament in NL

- = would have had a more fair parliament today
- = would have had more fair local councils today in NL
- = Schiphol Airport, Rotterdam mainport and similar organisations would have been better protected against war too.

NATO would have been more honest about tasks. So would have EU & UN. Even the financial crisis would have been 'lighter', because hidden war-lords would have get the messages: 'War-lords can be put in ICC-prison after all'. Media would have published truth.

Georgia would not have happened. Bush would have been slowed down. Barack Obama would have been elected to President of USA anyway.....

Dmitri, do you get the picture for a life without military means?

When I wrote my ICC-paper of 1 sept 2007, I already knew 'that ICC was 100% corrupt'. There are No systems at all! I am a Dutch woman, not some stupid desert cow....

- Prosecutors & UN-employees decide together in dark deals 'which dictator is to be brought to trail, which is free to stay in a powerful position in politics'. The rest of the world is excluded from these deals. Consequences are irrelevant for deal-makers.
- ICC-judges have No system to stop these war-crimes of prosecutors & president = they write a verdict/degree after a dictator has been brought to trail to prove 'ICC-employees are fair after all'.

Thus, ICC-war-lords put people in prison and write degrees to prove that they never have been war-lords in the first place.

I wanted to give prosecutors & president time to 'undo' their mistakes.
In may 2007 I have given ICC-judges the opportunity to 'undo' their mistakes = prove that ICC works with fair legal systems after all. But now prosecutors, president & judges ignore my ICC-case against NL, while they know Taliban and 'so called Terrorists' read my websites.

ICC-employees do not care for the fact that they torture, kill, cause terrorism & war; national or international. EU & UN lie when they write me: 'We can't intervene'. They don't want to do the hard work, thats all...

I feel sick

Sick about the fact that NL-ers who can stop Balkenende & ICC don't want to do this.
Sick, because only a few Presidents recognise the importance of my ICC-case for the world.
Sick, now Paul McCartney doesn't want to rescue my life, but rather makes money out of me...

New leaders for a new future

I told you: 'You are a new leader, take all chances you have....'.
You did understand the new psychology-test for war-making in Georgia.... Oké, you should have stopped Georgia with a lawcase with ICJ and educated the people on ICC...., instead of weapons.. But you learned a lesson in 5 days. Not bad!
In 2009 your good-powers will weaken when you have not brought them into good-practise in 2008. Weaken because you don't stop ICC, UN....
Its not enough 'that China & Taiwan close trade agreements'. Shanghai Coöperations meets...enz... The new circle of people you have build over the past few months, is not strong enough when war-maker NL grows in power.

Personally, I believe that every country has a new leader. Some known to the people, others still hidden with their good practises...

Barack Obama is the new leader for USA. I am for NL, although I will never be President. I will always have more powers as a mother/educator, on the condition that my life is rescued by people who want me to stop war-makers in NL, ICC and NATO, UN & EU linked to ICC...

When nobody wants to stop ICC-war-lords, we will have military wars in EU. Lawless people will attack aid-workers, soldiers, MPs, destroy property or crops... Who's to blame? Powerful people who broke down legal systems with new dictators laws, worldwide. Organisations that are not trustworthy enough for lawless people like FBI, Interpol, Mossad or other Intelligences services. Media, making crisis after crisis now they prefer to ignore legal positions of civilians.

Dmitri...., Barack Obama is as strong as you make him. He's going to relate to me, not to Balkenende & co, providing FBI informs him about my ICC-case in time.
And you don't understand this power in yourself!!!!
You have to trust new psychology in yourself more...

If Russia wants Obama to be a strong fair President working with Justice instead of bombs, you have to make him build those legal frames. If you don't make him build NLFs in public, he will fall back to 'old-fashion ways of politics, just like you do'.
You don't educate people with: 'Make yourself stronger with NLFs, so we can solve war with new talks and build a more human economy from a more friendly climate'.

You say: 'Its all Bush's fault that Russia is going to use weapons again'. This can be right, but you don't have to say it. Especially not, when you don't make Bush build NLFs.

You have to continue on the psychology-path. Work with timelines the people can implement in their private homes. Keep up your promises on those timelines!
And make Obama work with psychology-time-lines too!
Putin needs war. Make him anticipate on wars for food in the media.

**Dmitri Medvedev, you have to make a choice in connection with ICC.
When I am disabled or death, ICC-war-criminals have won their 'happy career with a very good pension' = they want me death so nobody will discover their crimes. How many lawless individuals have to suffer or die for them?**

**Are you going to help me to turn Barack Obama in an NLF-builder or are you going to make Balkenende & co stronger thanks to ICC & UN?
You can't have both!
That's the difference between an 'old-fashion politician and a new leader'.**

Hitler was never impressed by letters like mine, so why do you think 'that publication of my file & letters on the Web will stop ICC-war-lords'? Can you be less naïve, please?

**You have to take the risk, drop an EQ-Daisy-cutter on NL in 2008.
Take my side and demand new elections in NL, demand a cleaning schredder for ICC-crimes. This 100% corrupt Int. shit court of law needs to be closed temporarily.**

**Have a nice inspiring day, but if you make the wrong decision...a meteorite hits you...
desiree stokkel.**

Add:

Signed letter to Min. of Foreign Affairs Maxime Verhagen with which I press charges against him for the slavery & making of terrorism with my ICC-case.
