Peter kelly

I shall publish this email on my website.

Peter Kelly,

Thank you for taking me seriously in connection with the danger Paul mcCartney carries with him.

I hope that the Promotion-organisation will cancel the concert, because mcCartney behaves as if 'he enjoys to be violent towards me, warvictims & aid-workers in warzone'.

A private entrepreneur - like mcCartney - making money out of a highly dangerous lawcase against the President of the Netherlands in a corrupt International Criminal Court in stead of supporting the victims, is an act of crime in itself. Especially when this entrepreneur refuses to 'talk to the victims for reasons of security'.

However, I do have a next question for you:

'Will you contact FBI-USA-Whitehouse and the Canada-parliament on this lawcase?

The President of the IntCriminalCourt is Canadian, but due to corruption in NL-politics he's free to torture & kill whoever he likes to destroy... together with the prosecutors & judges.

This summer more aid-workers & NATO-soldiers will be killed BECAUSE ICC works like a Hitlercourt.

UN Ban Kimoon is one of the BIG war-distributers in this case.

He talks to parliaments in warzone - NATO - but not to 'terrorists or victims'. Therefore 'terrorists demand Shariacourts, more power..enz...'.
As long as ICC is free to be a warmaker itself, wars will intensify.

MY EXPERIENCE =

'People & individuals who want FAIR COURT-SYSTEM - against EU-leader & UN-personal too- do not have to fear for terrorist-attacks'.

Sóóóó... when the people of Canada want ICC to be a Fair Court of Law, that also judges AGAINST EU-politicians & lying NATO-leaders... they will not be attacked...

When you help Moslim-countries build a Shariacourt next to a Westerncourt in warzone, you bring peace. This has to be your message.

Paul mcCartney has only 1 message, namely:

'I am above the law now I am linked to a smart woman with a NL-ICC-case and I behave like a Birma-dictator enjoying me money, freedom and misuse of power... in warzone...'.
As a major of Halifax - Canada YOU MUST take your position against mcCartney, in favour for JUSTICE

Thank you for bringing your concerns about Paul McCartney to my attention. Concerts in the Halifax Regional Municipality are booked by private promotion organizations. I would encourage you to contact them directly.

Respectfully, I remain

Peter Kelly
Mayor

Halifax,

Take this email seriously, please.

Dear reader,

Are you the one who tries to book PaulMcCartney?

You must read my letter to PM Gordon Brown, Downingstreet 10 London & FBI on the very dangerous & crude behavior of Paul McCartney.

<http://www.newlegalframe.com/NLFbehaviorPaulMcCartney.html>

McCartney misuses his contribution to a lawcase against the President of the Netherlands J.P. Balkenende within the Int.Criminal court for his Fame & Bankaccount only.

Endangering my live and ALL lives of people linked to him.
He doesn't care...

Or did he inform you about his contribution to my lawcase?

Don't be suprised if you get killed in a bomb-attack or so, because of this man...
Next to Current politicians.

I already informed FBI
= when McCartney refuses to change his violent relationship into a problem-solving relationship with me for Worldpeace,
I will put him into ICC-prison for torture & slavery stemming from my case.
= 16 June 2009 I will write the letter to put him in prison with.

It HURTS me like HEL.
But its only 1 McCartney against the lives of millions of others.
It hurts me to be confronted with a man who behaves like a Myanmar-dictator, having fun at the cost of other peoples lives.
While he already could have rescued the lives of millions, only if he would have been civilized to Me, NolandminesUK and other NGOs he's involved with.
