[Jamie Oliver's Ministry of Food](#)

NLF-reader,
Please use his website email-address,
not his mailbox & postman/woman

My letter of apology to Jamie Oliver,

I'll forward this letter signed by mail too.

When I made you a participant in my letters to Paul McCartney, it was to prove the world which investment-mentality I need to survive my lawcase with the Int.Criminal Court.
For myself, good-hearted politicians or aid-workers of NoLandmines.
And of course, for NLF Young Adults - who I want to educate to work with lawbooks, letters, the Web and 'new relationships for peace without war - '.

- You invest energy, time, personality, means in Young adults who are frightened by a future without any opportunities. 'Teach them to make something out of nothing when chances seem to be available, afterall...'
- You educate them to become Social Entrepreneurs in the Educational-Food-world. With success!
- You understand the meaning of honesty & trust. For yourself, your team, cooks & readers
- You also share a part of your role as a father at work, with Earth... Try to set role-models.
- You are not impressed by 'standards of the political-correct media'
= you break down boundaries between media & public.

I'd like to refer to & cooperate with you because your behavioral-pattern is 'far ahead of your time', especially in NL-media. Pioneer = others copy you.

We - viewers - can watch your individual growth process. Become a participant of the future ourselves. In NL it's forbidden by parliament & government to grow in intelligence....Future is gone!

I never asked you to rescue my life

- **You are much younger than Paul is and less famous**
- **Your business is physically more exhausting, than Paul's concerts are = 'Young adults eat you up for knowledge'. One can't close a restaurant as one can cancel a concert.**
- **Your tasks are more connected to food & behavioral-patterns, less to war. Therefore ICC is located much further away for you.**

When I made you part of my ICC-case I assumed that Paul McCartney has the same investment-mentality as you have! My biggest mistake for 2008...

... Dr Sir James Paul McCartney neither wants to rescue my life, nor to bring 'safety at work' for NoLandmines field-workers....

He simply doesn't care for damage he causes in other people's life. I am in deep shock. I write this letter to separate you from James Paul McCartney.

NLF-readers are foreigners on other continents.

I want them to understand that you and Paul have 2 completely different investment-mentalities.

James Paul McCartney is malicious

- **I asked him to rescue my life, because suspects/perpetrators try to kill me for starting a lawcase with ICC.**

In NL there is no-one out of 16.5 million residents who wants to understand 'what's going on'. They don't want to know that our Dutch supreme court is guilty of terrorism. Don't want to look into war-crimes taking place within ICC itself. Don't care if NGO-workers are killed because of our system or UN, EU, NATO....

They ignore me - aware of the fact that they build hatred against Islamic countries by doing so.

- **I came up with a highly effective solution!**

NLF for Young adults

Paul has to give me a letter with his business address - his signature - that proves that he wants to give me a loan of 10.000 euro's. When he pays me this money, I have to inform the local municipal, ICC-prosecutors & Judges. He will get his money back as soon I have received the payment for the damage from my ICC-case.

Result:

- I have just enough money to survive my ICC-case against crimes against humanity
- Public servants & ICC-employees have to accept 'that they can no longer mob me into death without people supporting me'. A famous powerful celebrity stands behind me.
- ICC needs to prove trustworthiness with procedures to the world; this removes racism from this court. UN, EU & NATO also have to stop racism & ethnic cleansings
- NoLandmines gets 'safety at work'. They learn who their friends and enemies are on the field. And they can educate local residents in villages on NLFs for self-defence.
- ICC will be a court, accessible for ALL simple individuals without fundamental human rights in ALL countries

- **Why am I in shock?**

- **Paul doesn't want to talk to me as normal civilized human beings do.**
Especially, now I am the only European who can stop war-crimes taking place within ICC itself - and war coming closer every week - this is very painful to me.
The fact that he'd better not call me, has nothing to do with it.
Email is safe. Interpol, FBI, Mossad have access to my mailbox.
And we still have the postman/-woman.
- **He wants to read my sites - implement all my work for his family or business-world - while he observes me being tortured & killed.**
Paul 'knows that political actors are not going to change their behavior over here, when they will lose their well-paid powerful job... due to that movement...'.
So I have to be rescued by foreigners.
Presidents on my website are caught up in 'a political blackmail-system'.
I need a private person to break this system open, to make politicians accept new coordinates. To make them work with ICC on the condition that this court will be racism-free.
- **I believe Paul's behavior is malicious because he wants to use all my knowledge for his spoilt rotten celebrity image - Hollywood-style - . Not to make peace!**
He wants to be the scenario-writer for a theaterplay called:
'I DR Sir PmcC will try to rescue D - a war-victim in EU - but on my conditions. I don't care how many individuals have to suffer & die for me.

D. calls me a selfish bastard, so I shall prove to the world that I can change from an EGO-monster into a Good-hearted Social Entrepreneur that rescues lives of simple people with NLFs. D. has to die in this theaterplay to make it look more dramatic for me...
NoLandmines' aid-workers have to prove that they can survive under more violent conditions in the field, because I have already given them my songs for which others have paid millions of pounds....
The more people get injured or die during this period of change, the more heroic I - Dr Sir James Paul McCartney - will be....
This is excellent for my money-makers-system in USA & UK'.

He misuses my struggle for life as a cover for his criminal thinking- & behavioral-pattern at home.
- NLF for Young adults? What shall I say? He doesn't care for his own kids either...
He only wants to Frame & Fuck the Galaxy; F... his USA-girlfriend. On my Love-talk.

I have to set a boundary

Why did I put up with his attitude in 2008?

- I hate his Fireman cd - it's his frustration, not NLF in my Galaxy - , but I do think he has made a difference in the music-world.
- It's not only my life at risk.

- I want to be a good mother to kids. Set a healthy example in relationships. When I would not have been abused as a child, I would have gone to University for a psychology-degree... or so... I know by experience 'that I am a good therapist'.

Therefore I can see where he's coming from: wedlock with & divorce from Heather. 'Psychoses affect himself, his younger daughter, his relationships - even endanger his daughters live now Heather does not know how to choose or make friends'. I have given both - Heather & Paul - therapy, with positive results.

There is one very important reason.

I was already connected to the Portugal-police before I wrote Paul. In those days I did not know that Heather Mills is related to Kate McCane with her missing daughter Madeleine McCane. I did not want Heather to bring Beatrice to Kate McCane = Kate McCane can't cope with other girls who remember of her own missing girl Madeleine. I am not an average person, with my ICC-case. Thus: the Portugal police was informed and I disconnected Heather from Kate McCane.

But I don't get paid for it...and I only did it because 'Paul can't talk to me in a civilized way'. That fact that he wants to follow his USA-girlfriends on my Love-talk is part of recovery. Symbol-language: 'The end of a manic-period finishes with a party'.

Today, Paul parties at the cost of my life..and many others.... Can somebody put down that noise!?

Jamie,

**I want you to disconnect from Paul.
No Landmines already slowed down on publications about Heather & Paul.**

**Paul can still email or write me; can come by to clear the sky.
We can't start over anymore, my Galaxy is too powerful for his theaterplays.**

**I expect many riots & disturbances in EU, when ICC is free to be a war-lord.
Interpol builds new systems, but current war-lords are still in their powerful position.
They need to be removed. NL needs new elections for parliament, based on truth.**

...and I want to build NLF together with you...

**Alcohol, drugs & porno-free kids who enjoy each others company in:
Education- & work for Mother Nature = self-esteem = Talents & Tools in harmony.**

**Have a good talk with your woman & girls at home for a pleasant journey in the Galaxy,
Desiree.**
