You ignore my letters of complaint in my case OTC-Cr- 407/07

**Addressed to:
President of Court
Prosecuter
Prosecuter
Registrar**

**Philippe Kirsch
Luis Moreno-Ocampo
Fatou Bensouda**

You ignore my letters of complaint send to you on 8 februari 2008 & 16 march 2008.

This implies that you don't care for me or any other person on planet Earth.

You torture me and want to torture me...until I die.

You want ICC to be 'a useless court of law for victims, a toy in your hands on the political-playfield'.

You work as if you are a corrupt political party, instead of the highest criminal court on Earth.

Wars - and people being tortured & killed - are toys to you too.

EU & UN Ban ki moon , UN secreteriat & UNHCHR refuse to investigate on your criminal behavior in my life and file. Result: UN & ICC are together the most powerful dictators on Earth, ignoring all legal obligations one can find on this planet.

'You must feel a proud man/woman now you have the freedom to be a dictator with a legal system as back up, responsible for more deaths than Hitler ever caused. Hitler killed 6 million individuals.

Over the past years you have already killed more than 6 million person with all your lies & manipulations ...and...obviously you enjoy to kill a few million more'.

I can't stop you. Only ICC-judges can.

But I publish this letter on my site, so civilians and 'true terrorists' will read it...

Of course, I do want them to work with NLFs instead of weapons. But when they can't cope, I do understand what caused their violent behavior. 2 Of the most powerful people on Earth - working in the highest court of law - want to be dictators until they get their pension.

I have to pay you with my life and the lives of my kids. I think you very much enjoy to damage & destroy human bodies. But, to torture & kill victims is not satisfying enough for you, therefore 'you ask the coöperation of INTERPOL to arrest war-criminals'.

Result: due to all your lies about statemembers, manipulations with evidence brought to OTP by lawless people/ victims...you have now the opportunity to kill even police-officers....Who's next?

Do you want to be assassinated?

I want you to respond to my letters of complaint by return mail.
