Angela Duffy,

Your email proves that Onevoicement refuses to work with lawbooks & courtsystems to obtain peace.

I shall forward this email to the FBI.

And I publish this email on my website.
This is because you take sides for PaulmcCartney.
Onevoicemovement is on his website too.

I try to rescue your life...and you behave like a criminal., who want to be murdered.

Danny Boyle,

I expect that Paul mcCartney has not told you the truth about his warcrimes.

He's a psychopath; his connections to NGOs are lies by now = NGos have removed him from their websites.

If you work together with him during London 2012 this can cause terrorism-threats & attacks on your life...and work.

I also informed London 2012, today.

Desiree

Buckingham palace, Downingstreet 10, Mayor London, MI5 (and readers of the lawcase against NL within ICC),

Why do you give Paul mcCartney the opportunity to perform at the London 2012 openingsact, while you know that he can cause a terrorism-attack?

Paul mcCartney tortures warvictims and wants them to be murdered by politicians.

Endangers the lives of soldiers & NGO-workers in warzone...and sabotages justice for warvictims because he wants to be friends with VIPs & politicians.

This also proves that you want the International Criminal Court to be a Lobby-& Assasinationcentre; you take sides for McCartney...against me.

I shall publish this email on www.desireestokkel.nl
