OTP of ICC builds own hidden army

5 september 2008

Russia & Presidents,

Because Russia, Jordan, Portugal - and other Presidents - do **NOT** stop the criminal behavior of President Phillip Kirsch & Prosecutor mr. Luis Moreno Ocampo of ICC immediately, you give them the freedom to build their own hidden army.

ICC-website is nothing but propaganda-lies.

Explanations of acts of ICC-employees are not in line with explanations of Statemembers on their own national websites. ICC-employees make up stories to cover up their failures, abroad.

- You know 'that OTP of ICC hides my lawcase against NL for the rest of the World, but you don't use it to stop OTP-war-makers'. Don't use it to stop war-maker NL.
- You assume that publications on my websites are strong enough 'to make OTP work as they should do'.
- You assume that 'one day NL-parliament will recognise my ICC-case'.
- You assume that 'ICC-judges are smart enough to stop OTP, EU & UN'.
- You assume that 'the NL-people is smart enough to vote for new politics during the election for MPs'.

BUT YOU ARE WRONG!

I warned you: 'Moreno is going to start a power-struggle; he doesn't want to resign'.
Now he's doing so...

To torture & kill victims - bringers of evidence to OTP of ICC - is not satisfying enough for him, so he starts to torture & kill Police-officers of INTERPOL, FBI & others, too.
Supported by UN Ban Ki-moon & UNHCHR.

- You assume that you can stop them by building new sets of lines amongst President's offices.

BUT YOU ARE WRONG!

**You are being very stupid;
dictators working with ICC only laugh at you!**

**NL-dictators laugh at you,
because you do exactly what they need to stay dictators.**

- You build a new set of lines amongst Presidents, but you will NEVER know 'which part of ICC is true'.
- Therefore you can't have talks needed to 'protect yourself against terrorism, generated by ICC & UN Ban Ki-moon & UNHCHR'. Or, NL-dictators.
- National police-officers are - in general - too retarded to comprehend what's going on anyway. On top of this INTERPOL will NEVER get access to info they need to protect themselves with, or to stop terrorism.
- INTERPOL is used as an army by OTP of ICC.
- Every time Kirsch & Moreno order them to arrest 'suspects of OTP', they are used as a cloak for the torture & killings of OTP, & UN'.
- Police-officers will NEVER know 'who their enemies or friends are'.

- **INTERPOL has to work together with NL-MPs.**
- **But Balkenende & Co is set to be free to be dictators by OTP of ICC... Free to kill.**

**INFORMATION WILL NEVER BE RELIABLE;
POLICE-OFFICERS WILL NEVER BE ABLE TO MAKE
THE RIGHT DECISIONS.**

**If you want to create Peace
- and do something else than try to stop war -
you have to put the truth on the table, concerning ICC.
Dismiss Moreno, Kirsch & Ban ki-moon + clean up UNHCHR.**

Municipal Bloemendaal

What are they doing?

1 Civil servant is paying me money I have been fighting for in courtroom.

But, none of the civil servants acknowledge ICC as an official International court of law.

They all assume its just a political-language-game. And nothing will happen....

They continue to create lawless-lives, terrorism, wars!

HCSS

AVOs talk in the media about 'etnonationalism terrorism' or say:

'EU is not strong enough to defend itself against Russia'.

Bla., bla., bla...

In the meanwhile they contribute to war-making from OTP of ICC, because they don't care for war-victims either. Don't care for national security.

NL media

Did you listen to NL-reporters carefully, over the past few weeks?

They announce:'NL-ers are tired of sustainable economies, due to the fact that the NL-media is bored with talks about Fair Trade & Eko'.

Media only want to create war!

To them, its fun to see 'if they can put Rita Verdonk & Geert Wilders in the next parliament after elections, as President & vice-President'.

They want 'bad persons to have a seat in powerful-positions'.

Aware of the behavior of voters = majority of NL-ers vote for excitement instead of a better life.

And, they also want to teach the Middle-East & Russia a lesson in stupidity =

'prove that they are not smart enough to remove NL-dictators from parliament or ICC, ICJ & tribunals'.

**Foreigners don't want to stop war-maker NL!
You don't want to make NL-MPs, NGOs & AVOs, recognise their
legal obligations towards the people & nations.....**

NL-media is going to win, so do Moslim-haters Verdonk & Wilders.

Kirsch & Moreno are going to rule the World.

What are you going to do about it!?

Have a straightforward day, anchored in my EQ,
