Dear Malalai,

You have to change strategies.

Do you understand that the Ministry of Foreign Affairs in NL has hidden a report for the NL-parliament, so Balkenende & co did start an illegal war in Irak? Of course, Balkenende did know he turned himself into a war-lord...

Do you understand why Balkenende - and others - boycott an investigation on this war-crime?

I have been right all those years! The people from Irak can start a lawcase with the International Court of Justice in The Hague against Balkenende. Most likely: they will win against Holland = NL-MPs are guilty of misconduct... and have to be sent to prison.

This implies that the people of Afghanistan can also start a lawcase against Balkenende with ICJ. You most likely win.

The Int. Criminal Court still ignores me = they want to support war-makers in Holland.

So, what's next?

You - Afghani - have to demand the departure of NL from Uruzgan, by return mail.

If NL wants to stay...the local Afghani-residents in a village have to claim 100 euro payment per person per month for the damage NL-ISAF-NATO causes to their path of life & philosophy of life.

According to our NL-constitution and ALL International treaties, you have the right to claim this and to punish people who disobey the law!

Why? Think with me, carefully...!!!

I demand 100 euro payment for the damage Balkenende & Co cause in my life with my ICC-case, for every single month they threaten me as their slave - a woman without fundamental human rights in NL. From 1 May 2007 until the day ICC-judges read out the final verdict.

You - Afghani - are more powerful when you synchronize your NLF-mentality with me.

NL is about to implode: Balkenende & Co has to leave for New elections.

But, over the past years we have had New elections... based on lies about the State of law NL, thanks to the media.

Result: war-lords stay in their powerful position in parliament. Foreign-countries still protect NL.

Consequence of this corrupt EU-behavior: Countries - like Israel - think they can start a war in Gaza and get away with it. They won't! Israel is going to be punished, with law or more violence.

When ICC would have been honest about my ICC-case against Balkenende, Israel would not have started this war....

Many wars are caused by lies over the EU in the media.

Malalai - daughter - I have been with you for more than 1 year and you didn't 'get the Best out of it...'. Now you have to pay a price. Your subornness makes you weaker. Build NLFschool in Kabul on the Web, in English-Arabic.. and you will gain loads of power!

You have to be more careful when you choose your friends.

Good luck to you girl,
