Open Brief / Open Letter

to

- **President Iran** -

IRAN in International Criminal Court

6 september 2008

Dr. Mahmoud Ahmadi Nejad,

You did send me an email in which you recognise my ICC-lawcase against the NL-parliament.
Its on the desk of the pre-chamber-ICC-judge.
But....this won't do!

USA-government does NOT acknowledge you, me... or ICC...
And as long Russia doesn't send me an email or letter for ICC, USA will continue to build a war against Iran. Mc Cain wants war in the Middle-East. They will find a reason.
Obama wants to be an English aristocrate.

In Europe I am the only person who can change the local opinion on Iran.
While EU and National-parliaments say: 'Iran is a dictatorship', I have evidence that you accept ICC as an International court of law.

NL does NOT recognise ICC as an International court of law - to be used against NL - at all....
MPs & Public servants make fun it, when ICC is refered to as 'an official legal system that has to protect NL-ers against crimes against humanity in NL'.
NGOs do not want to start lawcases against MPs or AVOs.
AVOs only sabotage truth and enjoy to torture residents.

What do you have to do?

I believe you have to use my website as a key to fair Talks about the Middle-East in Europe.
You need Europe too, to stop USA. The Far-East has little influence, neither has Africa.

Wars - nowadays - are only about power, not about raw materials of constructions for a better country.

- Send me a letter by mail or an extensive email, in which explain to me what you wish to accomplish with your contribution to my ICC-case. Justice, Education, Economics, Nature....
- Explain which 'behavior of NL-residents' creates the opportunity for Iran to come to better relationships. You assume 'the Dutch know', but this image is false.
NL only wants to rule the World with criminal competition. Psycopatic rituals.
Cause bankruptcy, mal-nutrition & death everywhere, where economies are weak.
- If you talk to me 'as if I am a normal person who can bring you more profitable relationships without war,' you will get better relationships with NL.
Parliament, AVOs & NGOs can't continue to ignore me.
- You know 'President & Prosecutors of ICC are just as criminal as Hitler was'.
When you write me a letter with your needs, you help me stop war-makers within ICC.
And...you will be able to talk to INTERPOL, FBI or other organisations who recognise ICC as a corrupt International court of Law - closing dirty deals with UN Ban Ki-moon & UNHCHR -.
- Iran-students in NL, may study 'science', again.... AMEN!!!!!!

Well, its up to you. The Universe is with you. For how long?
When you are too slow - in building a goodpractice - in your relationship with me, USA will beat us both.

I would like to email with the woman of Iran, especially about education for kids & craftwork.
You have water & oil; you must be able to produce craftwork and export it!

Have a nice inspiring day,,
