Psychotherapy-introduction

'One can never RESET relationships between human beings'.

- Therefore the USA-RU approach for Renewed Friendships between both countries is childish. Current plans will not succeed; the long-term-effects are not taken into account!
- 2 Actors at war can only make 14 lists aimed at so called 'Peace':
 - Each country makes a list for right & wrong deals = 4 in total
 - Each country can only make a list for possible coöperation = 2 in total
 - Both countries can only merge the 2 lists for possible coöp = 1 in total
 - Both actors have to build 7 timelines for Evolution & Evaluation
 - When 1 of those 14 lines is not build or is invisible, the long-term-effect of every deal will result in more war
- Both actors at war have to make CLEAR choices between 'what to take up and what to leave', what will result in 2 new lists – timelines or flowcharts- . Its important to make it visible for the people, so actors can not start to rewrite history. The more 1 of them tries to rewrite history or sabotage new deals, the harder the new war will be. People grow in intelligence while they are being ignored; Nation-leaders tend to forget this!
 - Both actors have to give definitions for 'topics in speeches'. If definitions are missing 'failing systems & old-images take the overhand' = Ideas in the people's mind start to fill in those definitions, what cause disturbances.
 - = people are excluded from making definitions presented in the speeches of Presidents & so... while their individual lives are at stake and not the lives of the powerful-speech-makers.
 - For example the definition 'Terrorism'. People feels sick when they hear that word... because that 'empty word' dictates the minds of Presidents, MPs in parliament, multinationals & media, while 'nobody understands anymore what terrorism is in courtroom nowadays'....

.... Earth is lawless, what Presidents & Parliaments rather not say in public...

People are excluded from talks against terrorism...by Presidents & so...
= they can't get the message crossed 'that they don't need speeches or military action against terrorism'.

- Suddenly – 2 actors called 'USA & US' start a renewed joint venture against terrorism – according to their speeches. 2 Actors in warzone – without any psychology-skills at all - suddenly 'want to build peace together against terrorism'. Which type of terrorism are we talking about? Is there any reason why the people should take that initiative seriously!? Where? In Afghan/Pakistan or Africa... or perhaps in Europe? How stupid do you think people are?
- USA-RU-speeches are Brainswash-talks.
 - Who do you try to convince; yourself or the people?
 - Who do you give 'a better standard for living'; speechwriters or people in need?
 - Why do you assume 'that the people accept your Brainswash-talk, while they have evidence in their hands that you sabotage Justice at the same time' = because you are Presidents!?

- Why do you assume that people in need – being excluded – are willing to support you 'while build a new hidden political-world that most likely will result in more war'? Because you promise the people to sign a new treaty that reduces the amount of (nuclear)-weapons...?

**Nobody is interested in Blackmail- & Bullshittt-talks of Presidents.
..... O sorry, speeches for a RESET-Friendship between USA & RU.....**

**When you want to bring a country into the future without war,
you have to give people acces to New systems
which make it possible to build that future...**

Dmitri Medvedev,

You have a HUGH problem, created by your own mind!

- **Russians are self-centered people**
They are only focussed on deals good for RU, not for other civilizations.
= nothing shows that RU-MPs or Simple people 'care for war-victims ... or... victims of economical deals elsewhere on Earth...'
- RU doesn't care for International Legal-systems or Court-systems at all!**
= You only want to fight with other powerful-persons, instead of building New Solid Sytems for Justice. When you build simething its for RU-people only.
- RU doesn't care if they close deals with BIG war-makers, while its an easy job to remove those war-makers and demand deals with fair-working-persons!**
= RU doesn't care if they close economical-deals that distribute war.
- RU doesn't want to seperate the Good from the Bad people in general**
= doesn't want people to be aware of their role in community-life.
- **Russia – or RU-MPs – don't create any opportunity at all for Simple people who do make a difference on Earth for All of Us.**
Other civilizations have NO Reason at all to support the RU-politics...!
RU-politics is partial to the Earth-elite, NO Matter whats on their penalty-record

Medvedev you have announced to Earth over the last days, that:

- RU is going to assist USA in making more war in Afghan/Pakistan.
- RU is going to support USA in misusing NATO, ICC & NL for the demolition of International - courtsystems
= you agree when USA want EU-leaders of other EU-dictators to be above the law, despite evidence that they create & expand war.
- RU is going to use the UN for Blackmail – & Bullshittt-resolutions only, knowing that this will result in more war, poverty, natural disasters. North-Korea, for example.
= Its fine with you if USA copies this attitude of you!
- = USA ingores EU-legal obligations of EU-leaders, whats fine with RU.
- RU will make its own policy in connection with Iran... And Israel!?
= RU does not want to be a pioneer who makes clear to Earth that International Courtsystems can stop those 'wars'.
- RU will close deals with USA, knowing that those deals are 'weak' due to lack of the implementation of International law & uneducated Simple people - who are kept stupid so they can be denied acces to these courts - .
= RU prefers to manufacture Riots & Disturbances instead of solid NLFs?
= RU does something about corruption on own soil, but uses corruption as Main Strategy for closing deals on the International market... Amen!

Tell me.... Why do succesful RU-business-men hardly invest in RU?
100rds of millions of dollars/euro's go to the USA-media-market, for example
= Money invested in 'useless products'.

How does RU invest RU-money in healty RU-projects?

Barack Obama

Mind my words: '6 Months in Office and you are already history'.

- **Can we cut the Bullshitt....?**

You don't want Peace!

Simple people can see through your speeches, although they are not powerful enough to make you do the right job needed.

Your social speeches – especially aimed at war - are not in line with daily-practice for Simple people.

You say:

'USA want education of parliaments, police, army & civilians', but you do everything possible to sabotage EU - & International courtsystems that can make good-practices reality...

I think:

'Obama has NO Knowledge on EU- & Int.courtsystems at all...and he doesn't want to have it because he wants a shortcut into war in Afghan/Paksitan... or even Iran/Israel...

**How many individuals in warzone have to die....
... before you start to use NLFs against war....?**

**Why do you give Hillary Clinton permission to use Bush-speeches
for peace-activities!?**

- **Is cutting & glueing Bush-speeches Clintons' only skill?**

I think:

'Obama is not smart enough for his job'.

A clever USA-president not only uses USA-courtsystems to bring USA-terrorists to trial with, but also wants Int. courtsystems to bring other warcriminals to courtroom.

- **A smart USA-president wants NATO to prove that they work with Justice, everywhere on Earth.
But this is not the fact, isn't it!?
You don't want NATO to stop warcriminals with courtsystems.....**

- **A really brilliant USA-president would have make my ICC-case against Balkenende & co TOP-priority...!!!!**

- Earth is informed about the fact that the Dutch supreme court, NL-MPs & the International Criminal Court are BIG war-makers in Afghan/Pakistan/Middle-East-Africa supported by UN Ban kimoon...

Sóóóóó, when USA want to be in charge of peace, they have to be in charge of these systems first.

Why don't you want to be in charge of the International Criminal Court Barack obama, while war-victims in Afghan/Paksitan are waiting for you to clean up that criminal war-makers-system?

Why don't you make Russia clean up ICC, now they have got a file against Georgie within ICC, while USA want Georgie to have sovereignty?

Obama you have announced to Earth over the past days:

- USA doesn't care for Justice or what-so-ever in EU & RU as long as we can continue to play 'Cowboy in warzone'.
- USA doesn't care for any war-victim at all; needs of war-victims are not discussed.
- USA doesn't care for the result of talks about Middle-East, North-Korea...or where-eve.... as long as we get things done our way. Whats this way? Social-speeches next to Bush-speeches, without any Good-practice at all, while Simple people loose their lives?

- USA doesn't want New business-deals to be made on a New World.
Its completely unclear what USA is willing to do against the violent-materialistic-aggressive image you have abroad....

Whats USA going to Import/Export in a 'world with less nuclear-weapons'?

Useless political-speeches in expanding chaos?

VIP-like materialistic-business-deals?

Brainless 'tings' called Green-Climate?

Perhaps you are doing fine in USA itself, Obama...

But for foreigners you are an 'Empty President' who only wants to hunt & kill people.

[Sneakily]

You break down fair systems in EU, UN & NATO to achieve these targets.

You want EU to be in war soon... for USA-peace-targets.

RU is to become a 'social-cloak for USA'.

Barack Obama you want the International Criminal Court to be a corrupt Hitler-court so you can blackmail-dictator Balkenende into one of your foreign-policies.

You are very much aware of the fact that he's low-intelligent in comparison with you and that NL is a small country with highly corrupt Advisory boards for parliament & court systems.

All deals with RUSSIA will have a positive shortterm-effect, but on the long run they cause war... because USA want to be a 'cowboy'.

You don't spread 'education & intelligence in daily life'; your ideas are meaningless for people in need.

But you underestimate the consequences of your behavior

= Moslim-hatred in EU grows steadily and will result in war, generated by UN & NATO

= 9/11 killed 3000 individuals; how many persons do USA want to assassinate? 5000? 10.000?

- when are you going to leave Afghan/Pakistan...and will you start to build your own 'NLFs'?
