## Open Brief / Open Letter to

### RWANDA

## Africa doesn't need Western approval to be 'Africa'

17 march 2009

**Paul Kagame,**

I watched you on BBC's Hardtalk...

Mainly you said:

- ICC does whatever it wants to do; they are selective in their cases, it's NO court of law. No fairness.
- NL & Sweden blackmail Rwanda & Africa with investments  
= when we obey them we get money, otherwise not
- The West believes 'that Africa needs the West to be Africa', but we don't .

**THANK YOU SO MUCH.....**

You should have added:

'In Africa we know that ICC hides a lawcase against NL. for almost 2 years ... and that the media hides this truth for the rest of the World too'....

This would have given you soóóó much power over Europe & UN.

**Have a straightforward day,**
